

100 TIMES FEEDBACK REVIEW CHALLENGE

NAME:

DATE:

2014-15 Houston Area Suzuki Strings Association Group Class, Danette Schuh and Meredith Harris

SO WHAT DID YOU DO RIGHT 100 TIMES?

Effective practicing involves good feedback!

Recognizing correct practice reinforces good skills. Each time you review, notice what you did RIGHT! Mom or Dad can comment on something that was good too!

Wave the Flag:

(using a motivational felt "pennant" pencil topper)

When Mom (or Dad) hears you playing something right (great tone, good posture, in tune, good dynamics, best rhythm, etc.) they can raise the pencil and wave the motivational pennant in the air!

Frequent Feedback:

(using paper, write-on reminder bracelets)

Write down your most important practice goal that you need to remember on your reminder bracelet and wear it all day. Look at it frequently for that important feedback when you play.

Motivational foam stickers:

Never underestimate the power of positive reinforcement!
